

# Wellpinit Annual District Report

2013-2014

November  
2014

Wellpinit  
School District

## Message to our Community

Families are the first and most important teachers in the lives of children. When families are engaged in a student's school life tremendous results take place. We thank the many families who are active participants in their child's academic progress and offer an invitation for all to join. Please join us in partnership whether it be reading at home, ensuring homework is completed, talking with your child about school or volunteering to serve on a committee or in your child's classroom.

## Mission Statement

We work respectfully and collaboratively with parents, families and community to empower our students through education, in a safe, caring learning environment, inspiring students to master intellectual, social, physical and emotional skills needed to be successful.

---

## District Goals:

- **Goal 1:** To continue to refine the alignment and identification of essential content that will promote increased academic achievement for our students. The goal is to focus on content that is specifically targeted as the common core.
- **Goal 2:** The district will continue to provide professional development and time to our staff that will enhance their ability to systemically analyze student assessment data, provide timely feedback, set school wide and individual student achievement goals and provide interventions as necessary for student success.
- **Goal 3:** The district will continue to promote parent and community engagement through school functions, parent invitations, parent-student conferences, volunteerism, building advisories and the district Educational Advisory Committee.
- **Goal 4:** The district will work diligently to create a safe and orderly environment through clear rules and procedures for behavior and see that appropriate consequences are adhered to for violations. The district will continue to support programs to teach and reinforce student self-discipline and responsibility.
- **Goal 5:** The district will continue to work collaboratively with the school staff and building leaders to continue data driven school improvement planning as recognized by the Office of the Superintendent of Public Instruction. Schools will report annually to the board of directors, Educational Advisory Committee, and community.

**District Initiatives:**

- The district continues to implement the new teacher and principal evaluation system. The system is in compliance with the new state law and is being fully implemented.
- The district is working in collaboration with OSPI division of the "School Success Program." with three schools the elementary, middle and Alliance school. The goal is to demonstrate growth in the areas of math and reading. Copies of School Improvement Plans are available in each building.
- The district is collaborating with the Educational Advisory Committee, Tribal Agencies, and the Spokane Tribal Network to create a safe, healthy, and secure environment for our students for the prevention of bullying, drug abuse, trauma and suicide.

**District Facilities:**

- In the Spring of 2013 the district completed the modernization project for middle school and high school students. The \$18,000,000 project was funded through a federal grant of \$4.3 million, state matching funds of \$12.6 million and the district borrowed a \$1.1 million no interest bond which was purchased by Spokane County to paid over a 5 year period.
- The Wellpinit Elementary was awarded a \$532,000 Federal grant to improve the safety and security of the elementary building. Project completion is set for the Fall of 2014. DONE.
